Providing nearly 30 years of experience,
photographing tens of thousands of students
and capturing over 1 Million Photos throughout the United States.

ASP Photographers is an American School Photo Company, based in San Antonio, TX, founded in 2011 by American Entrepreneur, Brandon Sapp. Under his guidance of professional photographic experience, dating back to 1997, ASP Photographers was created to capture memories that touch your life for generations. We take pride in providing and delivering exceptionally tailored service to schools serving Pre-K through 12th Grade and enrollments as large as 1,500 students.

In addition to working with schools in and around San Antonio, our story began in New York City, successfully serving numerous Early Childcare Centers, Charter-based Schools, Religious-based Schools, Elementary, Middle and High Schools in economically-impacted areas. We take pride in relationships we've built with school networks, dating back over 10 years.

What sets ASP Photographers apart is our dedication to capturing moments that matter, coupled with affordability that doesn't compromise on quality. Our expertise extends to San Antonio, Austin and its surrounding areas, designed to be the preferred choice for school portraits, offering a unique blend of artistic excellence, modern understanding and budget-friendly options.

We invite you to learn more about our company and the services we offer by scheduling an in-house presentation. For more information or to setup your school's photo program,

Reliability and Professionalism

At ASP Photographers, we pride ourselves on creating stunning school photo portraits that capture the unique personalities of each student. Our portraits are not just a picture, but a lasting memory of their time in school. Each student will look their best in their portrait with our retouching services that enhance their natural beauty. Our portraits are printed on high-quality paper, so they will last for many years. Give your students a memory that will last a lifetime.

ASP Scholar Portraits boast a high level of contrast, sharpness and depth to compliment our vibrant background gallery of over 220 high-definition backdrops.

We take special care in making sure that our younger scholars are photographed to our top quality standards. ASP Photo Teams undergo training to ensure that consistency and value is placed into each scholar portrait.

Our goal is to make sure you and your school's community have portraits that you can cherish and be proud to share and showcase for decades. You deserve the best and your parents and scholars deserve nothing but the best!
